**NEW DRIVER DATABASE LEADS THE WAY TO IMPROVED SERVICES FOR MVD CUSTOMERS**

Santa Fe -- The State Purchasing Agent has awarded a no-cost contract to NICUSA, Inc. (NIC) to develop on-line services for the New Mexico Taxation & Revenue Department and its Motor Vehicle Division.

The services provided by NIC will include the sale of driver/vehicle records and additional customer information, services and transactions that will reduce wait times in MVD field offices, according to Rick Homans, Secretary of the New Mexico Taxation and Revenue Department.

The contract has no cost to the State as all of NIC's services will be paid for through the fees charged to commercial customers, including insurance companies, that choose to purchase Motor Vehicle Division records through the new database, Homans said.

Homans added that the new system will protect the confidentiality of driver and vehicle records, as required by state and federal law, while providing commercial users with convenient and secure access.
