**SOCIAL SECURITY ADMINISTRATION CONDUCTING ANNUAL  
MAINTENANCE AT MVD OFFICES**

Offices closed on Saturday October 11

The federal Social Security Administration has announced it will shut down its database from Saturday until Monday, which will disrupt the processing of New Mexico driver's licenses during the Columbus Day weekend. While state and city/county operated offices are closed on these days, private agents such as MVD Express and MVD Specialists will be affected by the federal action.

MVD verifies each name, date of birth and social security number directly with the Social Security Administration prior to issuance. Verifying a person's identity is important for protection against fraud and identity theft.

This outage is affecting MVD offices in all fifty states. Normal operations will resume Monday morning at locations not affected by the Columbus Day holiday.

Please visit our website for MVD hours and locations.
