FYI-105 • Rev.11/2021
INTRODUCTION

This publication includes a description of gross receipts and compensating taxes; exemptions, deductions, and credits available for each tax; how and when to report and pay the taxes; account notices issued by the Taxation and Revenue Department (Department); and, finally, responses to frequently asked questions by taxpayers.

This information is a general explanation of the gross receipts and compensating tax laws and is presented as a service to taxpayers. Because these instructions are intended to provide general guidance and do not address all specific circumstances, they are not binding on the Department. If you have any questions regarding your situation, please contact one of the Department's local district tax offices, tax call center, or the Santa Fe headquarters.

Statutory citations in this publication are to the New Mexico Statutes Annotated (NMSA 1978). The Gross Receipts and Compensating Tax Act is compiled as Sections 7-9-1 through 7-9-119 NMSA 1978.

Prior to July 1, 2021, the Department used the "CRS" Combined Reporting System. Using Form CRS-1 you could report one or more of the following taxes. However, going forward these taxes will need to be filed on different forms, see below:

The kit is mailed out every six months in June and December to all registered taxpayers who do not file online and contains a six-month supply of Form TRD-41413, Gross Receipts Tax Return, current gross receipts tax rates, and frequently requested business-related forms. If you did not receive your GRT Filer’s Kit, contact your local district tax office (see FOR FURTHER ASSISTANCE on page 45).

These taxes are all reported on TRD-41413, Gross Receipts Tax Return please look at the Gross Receipts and Compensating Tax Rate Schedule for each location code. Many tribes have two different codes. Type 1 receipts are for sales to tribal entities or members and Type 2 receipts are for sales to tribal non-members by tribal non-members.

GROSS RECEIPTS TAX

This tax is reported on Form TRD-41413, Gross Receipts Tax Return.

WHAT IS GROSS RECEIPTS?

"Gross receipts" means the total amount of money or the value of other consideration received from selling property in New Mexico, leasing or licensing property employed in New Mexico, from granting a right to use a franchise employed in New Mexico, from selling services performed outside New Mexico, the product of which is initially used in New Mexico, or for performing services in New Mexico. Gross receipts includes receipts from:

1. Sales of tangible personal property handled on consignment;
2. Commissions received;
3. Amounts paid by members of any cooperative association;
4. Amounts received by persons providing telephone or telegraph services;
5. Fees received by persons for serving as disclosed agents for another;
6. Amounts received by a New Mexico florist from the sale of flowers, plants, etc., that are filled and delivered outside New Mexico by an out-of-state florist;
7. Providing intrastate mobile telecommunications services (i.e., the services originate and terminate in the same state) to customers whose place of primary use is in New Mexico; and
8. Amounts collected by a marketplace provider engaging in business in the state from sales, leases and licenses of tangible personal property, sales of licenses and sales of services or license for use of real property that are sourced to New Mexico by a
Gross receipts DOES NOT include:

1. Tax billed to the buyer (i.e., gross receipts tax, governmental gross receipts tax, leased vehicle gross receipts tax, interstate telecommunications gross receipts tax and local option taxes).

2. Cash discounts allowed and taken.

   ♦ Example: When a seller offers 2% off for paying cash or for paying within a certain time frame and the buyer takes advantage of the offer, the gross receipts amount is the amount received (sales price less 2%). However, Manufacturers’ coupons redeemable by the seller, i.e., a grocery store, are not cash discounts allowed and taken since the seller will be reimbursed for the face value of the coupon. Gross receipts includes cash received plus the value of the coupon.

3. Gross receipts or sales tax imposed by an Indian nation, tribe, or pueblo if the Indian nation, tribe, or pueblo has a similar exclusion for New Mexico gross receipts tax.

4. Any type of time-price differential, such as interest or a reduced sale price for pay.

5. Amounts received solely on behalf of another in a disclosed agency capacity.

6. Amounts received by a New Mexico florist from the sale of flowers, plants, etc., where the sale is the result of orders placed with an out-of-state florist for filling and delivery in New Mexico by a New Mexico florist.

WHAT IS THE GROSS RECEIPTS TAX?

The gross receipts tax is a tax on persons engaged in business in New Mexico for the privilege of doing business in New Mexico. The tax is imposed on the gross receipts of persons who:

1. Sell property in New Mexico;
   ♦ Property includes real property; tangible personal property, including electricity and manufactured homes, licenses, including licenses of digital goods, (other than the licenses of copyrights, trademarks, or patents) and franchises.

2. Perform services in New Mexico;
   ♦ Service includes construction activities and all construction materials that will become part of the construction project.

3. Lease or license property employed in New Mexico;

4. Grant a right to use a franchise employed in New Mexico; or

5. Sell research and development services performed outside New Mexico when the product of the service is initially used in New Mexico.

NOTE: Starting July 1, 2019, when billing a customer, the tax must be separately stated, or a statement must be provided to the customer indicating that the gross receipts tax is included in the billed amount.

ENGAGING IN BUSINESS

“Engaging in business” means carrying on or causing to be carried on any activity with the purpose of direct or indirect benefit. **For those that lack physical presence** in New Mexico, including a marketplace provider, it means having at least $100,000 of taxable gross receipts from sales, leases and licenses of tangible personal property, sale of licenses and sales of services and licenses for use of real property sourced to New Mexico in the previous calendar year. Taxable gross receipts are only those gross receipts that are not otherwise exempt or deductible. Therefore, anyone without physical presence in the
state who had $100,000 or more of receipts that were not exempt or deductible in the previous calendar year is engaging in business in the state, and its receipts from sales sourced to the state are subject to gross receipts tax.

**WHAT IS THE GROSS RECEIPTS TAX RATE AND HOW IS IT DETERMINED?**

The gross receipts tax rate varies throughout the state from 5.125% to 9.4375%. The total rate is a combination of the rates imposed by:

1. The state,
2. The counties, and
3. The municipalities.

The total gross receipts tax is paid to the state. The state keeps its portion and distributes the counties' and municipalities' portions to them.

The state's portion of the gross receipts tax, which is also the largest portion of the tax, is determined by state law. Changes to the state rate occur no more than once a year, usually in July.

The counties' portion of gross receipts tax is determined by the county commissions. These increments can go into effect in January and July of every year.

Municipal councils determine the municipalities' portion of gross receipts tax. Like the counties, changes can go into effect in January and July of every year.

Because the combined gross receipts tax rate can change effective January and July of every year, the Department issues a new tax rate schedule twice a year and includes it in the GRT Filer's Kit. You can also view the tax rate schedule online at [http://www.tax.newmexico.gov/gross-receipts-tax-historic-rates.aspx](http://www.tax.newmexico.gov/gross-receipts-tax-historic-rates.aspx). Always check the Gross Receipts and Compensating Tax Rate Schedule to see if the rate for your business location(s) has changed. Due to the frequency of tax rate changes, the Department does not send out separate notices of changes.

**DETERMINING THE TAX RATE TO USE FOR GROSS RECEIPTS TAX AND COMPENSATING TAX**

The rate to use is determined by Section 7-1-14 NMSA 1978, and the regulations thereunder. For more details on how to determine which tax rate to use see [FYI-200, Your Business Location, and the Appropriate Tax Rate](http://www.tax.newmexico.gov/governments/gross-receipts-location-code-and-tax-rate-map/). Prior to July 1, 2021 the rules for determining your location code are different from those outlined below: In order to determine a rate based on an address see the Gross Receipts Location Code and Tax Rate Map on our website [https://www.tax.newmexico.gov/governments/gross-receipts-location-code-and-tax-rate-map/](https://www.tax.newmexico.gov/governments/gross-receipts-location-code-and-tax-rate-map/).

For reporting purposes, business locations are broken down by county, municipality, tribal entity, or district on the tax rate schedule.

A person that has gross receipts and a person using property or services in New Mexico in a taxable manner shall report the gross receipts to the proper business location as provided in this section. “Business location” has a special meaning in the context of Section 7-1-14 and refers to the place to which receipts must be sourced for GRT purposes. It is important to note that the place where you operate your business, whether a retail establishment or office, will not always be the business location for GRT purposes, or provide the location code, or rate that is called for below:

1. The business location for gross receipts from the sale, lease or granting of a license to use real property located in New Mexico, and any related deductions, shall be the location of the property.

2. The business location for gross receipts from the sale or license of tangible personal property, and any related deductions, shall be at the following locations:

   a. if the property is received by the purchaser at the New Mexico business location of the seller, the location of the seller;
b. if the property is not received by the purchaser at a business location of the seller, the location indicated by instructions for delivery to the purchaser, or the purchaser’s donee, when known to the seller;

c. if a and b above do not apply, the location indicated by an address for the purchaser available from the business records of the seller that are maintained in the ordinary course of business; if use of the address does not constitute bad faith;

d. if a, b, and c above do not apply, the location for the purchaser obtained during consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available; if use of this address does not constitute bad faith; or

e. if a, b, c, and d above do not apply, including a circumstance in which the seller is without sufficient information to apply those standards, the location from which the property was shipped or transmitted.

3. The business location for gross receipts from the lease of tangible personal property, including vehicles, other transportation equipment and other mobile tangible personal property, and any related deductions, shall be the location of primary use of the property, as indicated by the address for the property provided by the lessee that is available to the lessor from the lessor's records maintained in the ordinary course of business; provided that use of this address does not constitute bad faith. The primary business location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

4. The business location for gross receipts from the sale, lease or license of franchises, and any related deductions, shall be where the franchise is used.

5. The business location for gross receipts from the performance or sale of the following services, and any related deductions, shall be at the following locations:

    a. for professional services performed in New Mexico, other than construction-related services, or performed outside New Mexico when the product of the service is initially used in New Mexico, the location of the performer of the service or seller of the product of the service, as appropriate;

    b. for construction services and construction-related services performed for a construction project in New Mexico, the location of the construction site;

    c. for services with respect to the selling of real estate located in New Mexico, the location of the real estate;

    d. for transportation of persons or property in, into or from New Mexico, the location where the person or property enters the vehicle; and

    e. for services other than those described in a, b, c, and d above, the location where the product of the service is delivered.

Definitions that are important for determining the correct rate to use are below:

(1) “business location” means the code designated by the department to identify business locations and required to be used to report the gross receipts, or use for purchases subject to the compensating tax, and deductions related to those receipts or that use;

(2) “gross receipts” means, as applicable, “gross receipts” as used in the Gross Receipts and Compensating Tax Act and the Leased Vehicle Gross Receipts Tax Act and “interstate telecommunications gross receipts” in the Interstate Telecommunications Gross Receipts Tax Act [Chapter 7, Article 9C NMSA 1978];
"in-person service" means a service physically provided in person by the service provider, where the customer or the customer's real or tangible personal property upon which the service is performed is in the same location as the service provider at the time the service is performed; and

"professional service" means a service, other than an in-person service, that requires either an advanced degree from an accredited post-secondary educational institution or a license from the state to perform.

1. If you have no business location or resident salesperson in New Mexico and you are performing a professional service, but are liable for gross receipts tax, you are liable for tax at the rate for out-of-state businesses, the state gross receipts tax rate of 5.125%. Use the out-of-state business location code, 88-888. As deductions are also required to be reported using these location codes, if you are selling tangible personal property and shipping to an out-of-state buyer and reporting either the exempt or deductible receipts you will use this code to report the gross receipts and deductions associated with those transactions.

2. If you are a craftsperson who sells at craft fairs where you rent a booth, because you can be expected to be found at the booth for the duration of the fair, that booth is a business location, and your tax rate is based on the location of the crafts fair for items sold and taken by the purchaser at the fair.

3. In some counties, more than one location code exists for land owned by a municipality but located in that part of the county outside all municipalities. Examples: State Fairgrounds in Bernalillo County, Santa Clara Pueblo in Rio Arriba, and Santa Fe Counties. Use the codes for these specific areas when your location is in one of them. You can find location codes and rates by address on the Department’s website here: https://www.tax.newmexico.gov/governments/gross-receipts-location-code-and-tax-rate-map/

4. If you are located outside New Mexico and sell research and development services that are considered professional services the product of which is initially used in New Mexico, use the state rate, 5.125%. Use the special business location code of 77-777 for those transactions only.

5. If you transact business with tribal non-members on tribal territory, use the tribal location of the sale or delivery rather than your principal business location if that tribe or pueblo has entered into a cooperative agreement with New Mexico. The receipts of these sales are further distinguished as either Class 1 Receipts or Class 2 Receipts. Class 1 Receipts means receipts of a person other than a Pueblo Entity that are (a) reportable to a location on Pueblo Land, (b) derived from the sale of services to a Pueblo Entity, and (c) are documented by the taxpayer to be exempt from the State tax evidenced by obtaining a written statement signed by a tribal official that the services were provided to a Tribal or Pueblo Entity or member. Class 2 Receipts means receipts from a person other than a Pueblo Entity that are reportable to a location on Pueblo Land and are not Class 1 Receipts. Evidence that a tribe, pueblo, or nation has entered into a cooperative agreement is a separate location listed on the Gross Receipts and Compensating Tax Rate Schedule.

**GROSS RECEIPTS TAX SPECIAL CODES**

Receipts from a nonprofit hospital licensed by the Department of Health. The exemption is only from the local option portion of gross receipts taxes. The state gross receipts tax rate of 5.125% must be paid. To report these receipts, use special code NH (Column B).

**DETERMINING TAXABILITY OF GROSS RECEIPTS**

Gross receipts, as defined in Section 7-9-3.5, are taxable, exempt, or deductible. If your receipts do not fall under any exemption or deduction, those receipts are taxable. The exemptions and deductions from gross receipts tax that follow are grouped in categories, e.g., agriculture, construction, government entity, for convenient reference. Where helpful, we have included an example of the application of the exemption or deduction. In cases where an exception to qualifying for the exemption or deduction exists, we have included the exception. Please refer to the Gross Receipts and Compensating Tax Act and regulations for
specifics on exemptions and deductions from gross receipts tax. A regulation book can be obtained from the New Mexico Compilation Commission, [http://www.nmcompcomm.us/index.html](http://www.nmcompcomm.us/index.html).

EXEMPTIONS FROM GROSS RECEIPTS TAX

WHAT IS AN EXEMPTION?

Exemptions from gross receipts tax are receipts which are not taxable and do not have to be reported. Therefore, if all your receipts are exempt, you do not have to register with the Department for gross receipts tax purposes (you may have to register for withholding tax or to obtain nontaxable transaction certificates, though) nor do you have to report those receipts on the Form TRD-41413, Gross Receipts Tax Return. However, if you have exempt, deductible, and taxable receipts, you should register and report only the deductible and taxable receipts on the Form TRD-41413, Gross Receipts Tax Return. For administrative purposes, receipts on which no state tax may be imposed because of federal preemption are considered exempt.

FEDERAL PREEMPTION

In some cases, federal law bars New Mexico from imposing its tax on transactions, which, but for the preemption, would be subject to tax. For example, federal law prohibits the application of state and local gross receipts tax to many transactions with Indian nations, tribes or pueblos or their agencies or members if the transaction takes place on the tribe's territory. Receipts from transactions with non-members, even when on a tribe's territory, are not preempted. If you are uncertain whether preemption applies to your transaction(s), contact the Department.

♦ NOTE: this preemption does not apply to taxes imposed by an Indian nation, tribe, or pueblo.

New Mexico is also preempted from imposing:

1. gross receipts tax on receipts of Job Corps contractors from operating any Job Corps center, program, or activity;
2. local option gross receipts taxes on receipts of a provider of direct satellite service from providing direct satellite service;
3. gross receipts tax on receipts of federal and state credit unions; and
4. gross receipts tax on internet access fees (Internet Freedom Tax Act).

DEDuctions FROM GROSS RECEIPTS TAX

WHAT IS A DEDUCTION?

A deduction from gross receipts, like an exemption, results in an amount not subject to tax. However, unlike an exemption, YOU MUST REPORT ON THE FORM TRD-41413, Gross Receipts Tax Return BOTH THE GROSS RECEIPTS RECEIVED (in Column D) AND THE AMOUNT OF DEDUCTIONS YOU ARE ELIGIBLE TO CLAIM AGAINST THOSE GROSS RECEIPTS (in Column F).

Some deductions are required to be separately reported. Other deductions are optional to report. The Department is asking for this data on deductions to allow for a more accurate report to legislators and to
assist in processing returns and refund requests faster. All the required and optional codes (Column E) can be located in the instructions for the TRD-41413, Gross Receipts Tax Return.

**SUBSTANTIATION REQUIRED TO SUPPORT A DEDUCTION**

The Department requires taxpayers to retain substantiation in their records when claiming a deduction from gross receipts. That substantiation can be one of the following, depending on the deduction being claimed:

1. Nontaxable transaction certificate (see description below).

2. Farmer or rancher statement – a signed statement from a farmer or rancher declaring that the person is regularly engaged in the business of farming or ranching (used for agricultural deductions under Sections 7-9-58, 7-9-62 and 7-9-109).

3. Jewelry manufacturer statement – a written statement declaring the purchaser is engaged in the business of manufacturing jewelry and will use the property purchased in manufacturing jewelry (used only for jewelry manufacturing deduction under Section 7-9-74).

4. Out-of-state buyer certificate, Type NTTC-OSB (see description on page 14).

5. Border state certificate, Type BSC (see description on page 14).

6. Multijurisdictional uniform sales and use tax certificate, Type MTC (see description on page 14).

7. Solar energy deduction written statement – a written statement declaring the equipment or services purchased are for the exclusive use in the installation or operation of a solar energy system (use only for the solar energy system deduction under 7-9-112)

8. Alternative Evidence - Other documents including invoices, purchase orders, contracts, etc., that demonstrates the facts necessary to support the entitlement to a deduction, but the burden of proof is on that person. (As specified in Section 7-9-43, NTTC’s must be used by sellers of electricity or fuels that are parties to an agreement with the Department pursuant to Section 7-1-21.1 regarding the deduction in Subsection B of Section 7-9-46). For more information on this, please see bulletin B-200.32, Alternative Evidence for Deductions.

**Nontaxable Transaction Certificate (NTTC)**

The buyer obtains an NTTC from the Department to give to a seller. The NTTC entitles the seller to deduct those receipts when determining taxable gross receipts. In practice, this means the buyer can purchase goods and services free of the gross receipts tax that is usually passed on to the buyer. The seller must accept an NTTC in "good faith", reasonably assured that the buyer executing the NTTC will use the property or service in a nontaxable manner. A properly executed NTTC is the conclusive evidence that the receipts are deductible from the seller's gross receipts.

The seller needs only ONE NTTC from each buyer to cover all transactions of the same type with that buyer. Resale certificates issued by other states are not valid as NTTC’s in New Mexico.

All taxpayers who wish to execute NTTCs are required to: 1) register with the Department using Form ACD-31015, Application for Business Tax Identification Number, and 2) complete Form ACD-31050, Application for Nontaxable Transaction Certificates or apply on-line at [http://tax.state.nm.us/tap](http://tax.state.nm.us/tap). Taxpayers who wish to apply for NTTCs to support the deduction under Section 7-9-46(B) are also required to complete Form RPD-41378, Application for Type 11 or 12 Nontaxable Transaction Certificates.

The taxpayer may request additional NTTCs online or view prior executed NTTC’s in their taxpayer access point account at [http://tax.state.nm.us/tap](http://tax.state.nm.us/tap).
For more information on the use of NTTCs, please find FYI-204: Nontaxable Transaction Certificates online at [http://www.tax.newmexico.gov/forms-publications.aspx](http://www.tax.newmexico.gov/forms-publications.aspx) or request a copy from your local district tax office.

◊ **NOTE**: The Department stopped issuing Type 1, 3, 4, 7, 8, 13, 14, or Type D NTTCs as of January 1, 2004. The Department will continue to recognize those NTTC types in audit situations when the seller has accepted the NTTC in "good faith", reasonably assured that the buyer executing the NTTC will use the property or service in a nontaxable manner.

**Type NTTC-OSB**

Unlike other NTTCs, which are obtained from the Department by the buyer, the Type NTTC-OSB must be obtained by the seller. The New Mexico seller completes the Form ACD-31050, Application for Nontaxable Transaction Certificates and the seller then provides the NTTC-OSBs to their out-of-state customers who:

1. are purchasing tangible personal property either for resale or for use as an ingredient or component part of a manufactured product; or
2. are purchasing a manufacturing service to be performed directly upon tangible personal property the purchaser is in the business of manufacturing, or upon ingredient or component parts of that manufactured product.

The buyer must provide all the required information on an NTTC-OSB and give it to the New Mexico seller who will keep it on file along with all other NTTCs the seller receives. The documentation requirements for accepting NTTC-OSBs should be carefully observed. See “Out-of-State Buyer Deduction” on page 27 for those requirements.

**Border State Certificate**

New Mexico sellers may accept the Border State Certificate (BSC) from out-of-state buyers from Arizona, California, Oklahoma, Texas, Utah, and the United States of Mexico that are not required to register in New Mexico but who:

1. wish to buy goods for resale or incorporation as ingredients or components of a manufactured product; or
2. wish to buy a manufacturing service that will be performed on a manufactured product or an ingredient or component part thereof, and
3. will transport the tangible personal property across state or national boundaries.

◊ **NOTE**: BSCs are not issued by New Mexico.

**Multijurisdictional Uniform Sales and Use Tax Certificate**

New Mexico sellers may accept the Multijurisdictional Uniform Sales and Use Tax Certificate (MTC) from out-of-state buyers not required to register in New Mexico who:

1. wish to buy goods for resale or incorporation as ingredients or components of a manufactured product; or
2. wish to buy a manufacturing service that will be performed on a manufactured product or ingredient or component part thereof.

◊ **NOTE**: MTCs are not issued by New Mexico.

### COMPENSATING TAX

This tax is reported on Form TRD-41412, Compensating Tax Return.
**WHAT IS COMPENSATING TAX?**

Compensating tax is an excise tax imposed on persons making taxable use of property, license, franchise or services in New Mexico as described below (7-9-7).

Compensating tax is designed to protect New Mexico businesses from unfair competition from out-of-state businesses not subject to gross receipts tax. It is also in place to make certain that if an item was purchased that is subject to gross receipts tax and gross receipts tax was not charged the local governments are able to collect the tax due for the use of that item in New Mexico.

“taxable use” means use by a person who acquires property, a license, a franchise or a service, and the use of which would not have qualified for an exemption or deduction.

**COMPENSATING TAX IS LEVIED ON PROPERTY**

The following property is subject to compensating tax:

1. Property that was manufactured by the person using the property in New Mexico (7-9-7); or
2. Property that was acquired inside or outside New Mexico that would have been subject to gross receipts tax, but gross receipts tax was not charged in the purchase. (7-9-7).

   ♦ Example: X purchases for its own use computer floppy disks and printer ribbons from a mail order company in New Jersey that delivers the order by common carrier to X’s location. X notices that gross receipts tax was not charged on the sale. X must pay compensating tax on the value of these products, plus any freight, delivery and handling charges billed by the seller in New Jersey.

**WHAT IS THE COMPENSATING TAX RATE?**

Compensating tax at a state rate of 5.125% plus any local option imposed. The tax rate is imposed on the value of property, license, franchise or service at the time of acquisition or introduction into New Mexico or at the time conversion to use, whichever is later.

1. Except as provided in item 2 below, uses of property or services subject to the compensating tax shall be reported at the business location at which gross receipts would have been required to be reported had the transaction been subject to the gross receipts tax.

2. If a person subject to the compensating tax can demonstrate that the first use upon which compensating tax is imposed occurred at a time and place different from the time and place of the purchase, then compensating tax shall be reported at the business location of the first use.

"business location" means the code designated by the department to identify business locations and required to be used to report the gross receipts, or use for purchases subject to the compensating tax, and deductions related to those receipts or that use.

The **value of tangible personal property** is the adjusted basis of the property for federal income tax purposes determined as of the time of acquisition or introduction into this state or of conversion to use, whichever is later. If no adjusted basis for federal income tax purposes is established for the property, a reasonable value of the property shall be used (7-9-7).

The **value of license or franchise** is its value in use (7-9-7). This tax only applies to the value of the license or franchise used in New Mexico where the license or franchise was acquired in a transaction if the receipts were subject to gross receipts tax, but tax was not charged.

The **value of services** is the total amount of money or other consideration paid for the service unless the reasonable value is greater than the actual amount paid, in which case value would be the reasonable value (7-9-8). The value of the service is based on when the service was performed, or the product of the service was acquired (7-9-7).

**WHO HAS THE LIABILITY FOR COMPENSATING TAX?**

F.Y.I. - 105 • REV.11/2021 • Page 31
1. **Buyer or User** - Unlike gross receipts tax, liability for compensating tax rests with the buyer or user rather than the seller. The buyer has met the tax obligation, however, if the buyer paid compensating tax to a seller who is an agent for the collection of compensating tax. The compensating tax must be separately stated on the invoice to verify payment (7-9-9).

2. **Agent for the Collection of Compensating Tax** - Persons selling property or property and service for use in New Mexico who are not liable for gross receipts tax on the sales may be liable to collect compensating tax for the state if the person is carrying on or causing to be carried on any business activity in New Mexico (7-9-10).

Note: If another states tax similar to gross receipts, sales, or compensating tax has been charged you may be able to claim a credit for that tax paid in an amount not to exceed the amount of compensating tax due on the property or services used in New Mexico (7-9-79).

1. Sales or use tax paid to another state may be applied against compensating tax liability.

2. A gross receipts tax credit is available when the product of a research and development service performed outside New Mexico is initially used in New Mexico and the service has been taxed through a gross receipts, sales or similar tax in another state.

3. Compensating tax paid on construction projects may be applied against gross receipts tax liability.

4. A tax credit for unpaid charges for services provided in a hospital may be claimed by a licensed medical doctor or licensed osteopathic physician against gross receipts taxes.

**Tax Paid to Another State**

The amount of sales, compensating or similar tax paid to another state on property acquired in that state or another state for use in New Mexico may be credited against the amount of compensating tax due to New Mexico on the property (7-9-79).

**Tax Paid to Another State — Product of Research and Development Service**

When a taxpayer pays gross receipts, sales or similar tax in another state, or political subdivision of that state, on the product of research and development services performed outside New Mexico but initially used in New Mexico a credit against gross receipts tax can be claimed. This credit can only be claimed for receipts after July 1, 1989, and the amount of the credit cannot exceed 5.125% multiplied by the amount subject to by both New Mexico and the other state or political subdivision of that state. To claim this credit, taxpayers should use the *Non-New Mexico Research and Development Credit Form* (RD-1). *(7-9-79.1)*

**Compensating Tax on Construction Projects**

When a person in the construction business owes gross receipts tax on the sale of a construction project, the person may take a credit against the gross receipts tax due for the amount of any compensating tax (NOT GROSS RECEIPTS TAX) previously paid on construction materials and services incorporated into the construction project (7-9-79).

The credit must be taken for the same report period in which the gross receipts tax is paid. Use the Form ACD-31077, *Special Contractor’s Report for Compensating Tax Credit* to compute the credit and attach the form to the Form TRD-41412, *Compensating Tax Return* with the schedule of computation.
UNPAID DOCTOR SERVICES

The value of unpaid qualified health care services cannot exceed 130% of the reimbursement rate for the services under the Medicaid program. The credit can only be taken if the medical services performed remains unpaid one year after the date of billing and the licensed medical doctor or licensed osteopathic physician has reason to believe it will not be paid because: 1) health insurance did not cover the client or the medical services; 2) the client was not eligible for Medicaid, and 3) the charges are not reimbursable under the Indigent Hospital and County Health Care Act.(7-9-96.2)

HOW AND WHEN TO REPORT AND PAY TAXES
You should report gross receipts, compensating and withholding taxes using the appropriate Forms.

1. TRD-41413 - Gross Receipts Tax
2. TRD-41412 - Compensating Tax
3. Withholding Tax:
   a. TRD-41414, Wage Withholding Tax Return
   b. TRD-41409, Non-Wage Withholding Tax Return.
4. TRD-41411 - Governmental Gross Receipts Tax
5. TRD-41410 - Interstate Telecommunications Gross Receipts Tax
6. TRD-41408 - Leased Vehicle Gross Receipts Tax

Taxes are due on the 25th of the month following the end of your reporting period. If the 25th falls on a Saturday, Sunday or legal holiday the return and payment are due the next business day. The above Forms must be filed whether or not any tax is due. If no tax is due, file a “zero” report.

For paper returns that are mailed to the Department, we look at the U.S. Postal Service postmark or time stamp of a qualifying courier service (currently designated by the U.S. Secretary of the Treasury under 26 USCA 7502) on the envelope to determine if a report was filed on time. Please do not mail cash. The Department does recommend filing returns online through the Taxpayer Access Point (TAP) whenever possible. You can locate TAP here: https://tap.state.nm.us/Tap

If you file your tax return and pay the tax using our online system, the date that the return and payment is submitted and accepted by the Department will be used to determine if the filing and payment of tax is timely.

Notice: When you provide a check as payment, you authorize the Taxation and Revenue Department either to use information from your check to make a one-time electronic fund transfer from your account, or to process the payment as a check transaction.

IF YOU OWE $1,000 OR MORE

Filing Requirements: You are required to file as a monthly filer if your combined tax liability for gross receipts, compensating, withholding, governmental gross receipts, leased vehicle gross receipts and interstate telecommunications gross receipts taxes and leased vehicle surcharge averaged $1,000 or more per month for the previous calendar year (regardless of the tax due for the current month), you are required to file your tax return(s) electronically (Regulation 3.1.4.18 NMAC). You can file your tax return on the Department’s web site at https://tap.state.nm.us/Tap

IF YOU OWE $25,000 OR MORE

Payment Requirements: If your combined tax liability for gross receipts, compensating, withholding, governmental gross receipts, leased vehicle gross receipts and interstate telecommunications gross receipts taxes and leased vehicle surcharge averaged $25,000 or more per month for the previous
calendar year (regardless of the tax due for the current month), statute requires your payment in usable funds by the tax-due date. You may choose one of several special payment methods to make the payment, but you must make your payment by the due date appropriate for the method you choose. For the mechanics of the choices and more detailed information, please see FYI-401, Special Payment Methods. This FYI can be located online at http://www.tax.newmexico.gov/forms-publications.aspx.

IMPORTANT: Your tax return(s) must be mailed on or before the due date, or penalty will be assessed at 2% per month, up to 20%, of the amount of tax due, even if payment has been made in a timely fashion. Even if the return has a zero liability the return must be filed timely or a minimum penalty of $5 will be assessed.

REPORTING PERIODS

MONTHLY FILING

A monthly filing period is assigned when you register with the Department unless you qualify for and request either a quarterly or semi-annual filing period. Monthly reporting periods are from the first day of the month to the last day of the month; e.g., January 1 through January 31. New businesses whose start-business date is after the first of the month should still use the first day of the month to the last day of the month as the report period. Monthly filers may be required to file their tax return(s) electronically. For more information on this filing requirement, please request FYI-108, Electronic Filing Mandate, from one of our local district tax offices or online at http://www.tax.newmexico.gov/forms-publications.aspx.

REQUESTING OR CHANGING FROM MONTHLY TO QUARTERLY OR SEMI-ANNUAL FILING

If you are on a monthly filing basis and your combined total tax due averages $200 a month or less, you may apply with the Department to file either quarterly or semi-annually. File the Form ACD-31015, Business Tax Registration Application and Update Form (included in the GRT Filer’s Kit or online at http://www.tax.newmexico.gov/forms-publications.aspx). Until you receive notification that you have been approved to file quarterly or semi-annually, you must continue to file monthly. Your approval will be effective at the beginning of the next quarterly or semi-annual period. If you are approved for quarterly reporting in February, you would continue to file monthly tax return(s) for February and March; your first quarterly report would be for April through June.

◊ NOTE: If you are approved to file on a quarterly or semi-annual basis and your tax liability exceeds the $200-a-month average for any 12-month period of time, you are required to convert to a monthly filing basis. Refer to the Form ACD-31015, Business Tax Registration Application and Update Form.

QUARTERLY FILING

Quarterly reporting periods are January 1 through March 31, April 1 through June 30, July 1 through September 30 and October 1 through December 31.

SEMI-ANNUAL FILING

Semi-annual reporting periods are January 1 through June 30 and July 1 through December 31.

CALCULATING LATE-FILING PENALTY AND INTEREST

If you file your tax return(s) any time after the due date, you should add penalty and interest to the amount of tax due. Penalty is 2% per month or partial month the payment is late up to a maximum of 20% of tax due or a minimum of $5.00. When you are late filing your tax return(s) and you owe no tax, you still owe a $5.00 penalty. Interest is calculated at a quarterly rate of 5%*. Interest is calculated on a daily basis using the following formula:

\[
\text{Tax Due} \times 0.0136986301\%^* \times \text{Number of Days Late} = \text{Interest Due}
\]

No interest is due if, at the time of payment, interest due is less than $1.00. Unlike penalty which has a 20% maximum, interest continues to accrue until you make payment.
NOTE: This is the interest rate in effect for the second quarter of 2018. The interest rate is set by the U.S. Internal Revenue Code (IRC) and can change on a quarterly basis. For current quarterly and daily interest rate visit our web site at http://www.tax.newmexico.gov/Individuals/penalty-interest-rates.aspx.

Your return must be postmarked by the United States Postal Service or time stamped by a qualifying courier service (currently designated by the United States Secretary of the Treasury under 26 USCA 7502) or received on or before the due date, or penalty will be assessed even if payment has been made in a timely fashion.

**APPLYING FOR A REFUND**

If you find you have overpaid gross receipts, compensating, withholding, governmental gross receipts, leased vehicle gross receipts or interstate telecommunications gross receipts tax, or leased vehicle surcharge, the procedure to follow to apply for a refund is as follows:

1. Amend the tax return for the period or periods in which you overpaid (see “Amending” below).
2. Complete the Form RPD-41071, Application for Tax Refund included in the GRT Filer's Kit or available online at http://www.tax.newmexico.gov/forms-publications.aspx. On the form state the amount and type of tax you overpaid and the reason for overpayment. The most common reason for overpayment is neglecting to claim an exemption or deduction to which you are entitled. Be sure to include documentation to support your claim for refund.

You can apply for a refund up to three years after the end of the year in which the payment was due; e.g., if you overpaid on the December 2014 report, you have until December 31, 2018, to apply for a refund of the overpaid amount because that report was due January 25, 2015.

♦ NOTE: if the Department denies your claim for refund in whole or in part, you may file a protest with the Department within 90 days of either mailing or delivery of the denial or file a lawsuit in Santa Fe District Court. If the Department does not take action on your complete claim within 180 days of receiving your claim, you may either refile your claim if you are within the three-year statute of limitation, or you may file a protest with the Department. For more information on your remedies, please request FYI-402 from your local district tax office or view it online at http://www.tax.newmexico.gov/forms-publications.aspx.

♦ NOTE: claims for refund of tribal taxes are to be filed with the Department but will be decided by the tribal taxing authority.

**AMENDING A RETURN**

If after filing a tax return you find that information supplied on that form was incorrect, you should submit an amended form. When amending the tax return, be sure to check the “amended report” box and provide the reason for amending the tax return. Fill out the form with the information as it should have been filed originally. If you underpaid, be sure to include payment for the difference between what you paid and what you owe. Add penalty and interest on the underpaid amount. If you voluntarily amend a tax return (i.e., without receiving an assessment) within 12 months of the original filing of a return and pay any additional tax due, you will not be subject to penalty, but interest will be due.

**ACCOUNT NOTICES**

While you are a registered taxpayer, you may at some point receive notices from the Department. A description of the notices that you may receive from the Department are listed below.

**ASSESSMENT**

We issue an assessment for tax, penalty, and interest due. The most common reasons for which the Department issues an assessment are:
1. Taxpayer did not include payment with the tax return;

2. Taxpayer paid tax at the incorrect tax rate. Always check the tax rate for your business location on the tax rate schedule as rates may change in January and July of each year;

3. Taxpayer filed the tax return late without adding penalty and interest for late filing;

4. The Department audited the taxpayer's books and records and discovered unreported receipts or disallowed deductions.

Occasionally the Department will issue an assessment due to a Department encoding error. In these cases, the taxpayer has written a check for the correct amount, but the Department encoded the check for the incorrect amount. For example, a check written for $100.00 may be encoded for $10.00. The Department then receives only $10.00 from the taxpayer's bank. The taxpayer should verify on their bank statement that the bank paid the lesser amount, pay the principal amount of the assessment, and enclose a copy of the check showing the Department's encoding error. The Department will then abate the penalty and interest amounts on the assessment.

♦ NOTE: The Department will issue assessments to non-members of the Acoma, Santa Clara, Santa Ana, Nambe, Laguna, Sandia, Pojoaque, Cochiti, Kewa, Ohkay Owingeh, San Ildefonso, Taos, Picuris, Tesuque, and Zuni Pueblos and the Jicarilla Apache Nation with, and on behalf of these tribal entities with respect to the tax imposed by these tribal entities. Tribal officials must approve any abatement, closing agreement or installment agreement associated with the assessment.

NOTICE OF BILLING

We issue Notices of Billing the month after issuing an assessment if we have not received payment for that assessment.

♦ NOTE: if you receive an assessment, pay it and then receive a Notice of Billing, do not panic. Your payment probably was not processed in time to clear your account. If you receive a second Notice of Billing for that same assessment, you should contact your local district tax office (see FOR FURTHER ASSISTANCE on page 53).

NON-FILER NOTICE

We issue a Non-Filer Notice to a taxpayer with an active New Mexico Business Tax Identification Number (BTIN) previously known as a CRS number, who has not filed a tax return for a report period. New Mexico statute requires taxpayers with an active BTIN to file for each reporting period whether or not they have any receipts.

♦ NOTE: to clear your account of non-filed periods, file tax returns for all non-filed periods. If you are no longer in business, you should close your BTIN as of the date your business closed using the Form ACD-31015, Business Tax Registration Application and Update Form included in the GRT Filer's Kit or online at http://www.tax.newmexico.gov/forms-publications.aspx.

PROVISIONAL ASSESSMENT

Under the automated collection system, the Department can issue Provisional Assessments after we issue a Non-Filer Notice. The amount of the assessment may be based on past amounts paid, or an amount based on industry comparables for the taxpayer’s type of business as reported on the registration application.

NOTIFICATION OF OVERPAYMENT

We issue Notifications of Overpayment to taxpayers whose accounts show a credit of at least $25.

Occasionally the Department will issue a Notification of Overpayment due to a Department encoding error. In these cases, the taxpayer has written a check for the correct amount, but the Department
encoded the check for the incorrect amount. For example, a check written for $10.00 may be encoded for $100.00. The Department then receives $100.00 from the taxpayer’s bank. To recoup the overpayment, the taxpayer should complete the Form RPD-41071, Application for Tax Refund and enclose a copy of the relevant bank statement so the Department can verify that the bank paid the higher amount.

Q: I overpaid in one report period. Can I take a credit for the overpayment on a subsequent report?
A: No. You must amend your tax return for the period in which you overpaid and apply for a refund by completing Form RPD-41071, Application for Refund. See procedures for Applying for a Refund on page 39 and Amending on page 39.

Q: How long am I required to retain my tax records?
A: It is in your best interest to maintain these files for 10 years in the event the Department requires information for you. New Mexico statute permits the Department to assess back 10 years, depending on the situation. The normal assessment period is three years back from the end of the year the tax was due. If you have under-reported any one tax on the tax return by more than 25%, the Department may assess back six years. If you have non-filed reports, the Department may assess back seven years. If there is evidence of tax fraud, the Department may assess back 10 years.

Q: If I currently have a New Mexico Business Tax Identification Number (NMBTIN) from the Taxation and Revenue Department as a registered proprietorship (i.e., sole owner) and later decide to incorporate, may I continue to use this number?
A: No. You must cancel the BTIN issued to you as a proprietorship and apply for a new identification number as a corporation. The incorporation of a business qualifies as a change in form of ownership. Upon applying for your identification number, you should indicate your date of incorporation as the "start business date" on the Form ACD-31015, Business Tax Registration Application and Update Form for the new number.

Q: When I am issued a new New Mexico Business Tax Identification Number (NMBTIN), what are my NTTC (nontaxable transaction certificate) requirements when: 1) I execute NTTCs to my vendors and 2) I receive NTTCs from my customers?
A: Under your new BTIN, apply for new NTTCs and execute them to your vendors. For transactions after you are issued a new identification number all NTTCs you receive from your customers should reflect your new BTIN. Maintain all NTTCs you have previously received in case you need to provide documentation to support any deductions taken before your identification number changed.

You should return to the Department or destroy any unused paper NTTCs issued by the Department to you under your old BTIN. Once your BTIN account is closed you will be unable to obtain any further NTTCs for the BTIN in TAP.

Q: How do I separate ("back out") gross receipts tax from total gross receipts?

See the following examples of how to separate the gross receipts tax:

1) To separate (back out) tax from total receipts at the end of the report period, first subtract deductible and exempt receipts, and then divide total receipts including the tax for the report period by one plus the applicable gross receipts tax rate (decimal).

Example 1: The business had a total income of $2,000. All the income was subject to gross receipts tax. The business is located in Santa Fe and the gross receipts tax rate for July 1, 2021, through December 31, 2021, is 8.4375%.

Example 2: The business had a total income of $3,000. $100 was exempt from gross receipts tax and $450 was deductible from gross receipts tax. The business is located in Albuquerque and the gross receipts tax rate for July 1, 2021, through December 31, 2021, is 7.8750%.
