

## Here are the steps to disable pop-up blockers in Chrome Android:

1. **Launch** the **Chrome browser app** on Android phones.
2. Tap on **⋮** the menu for more options.
3. Select **Settings** from the list of options.
4. Scroll down and Tap on the **Site Settings** option.
5. Within Site Settings open **Pop-ups and Redirects**.
6. The Pop-ups and redirect is default set to **Blocked**.
7. Toggle the button and set it to **ON**.
