To contact the Film Office, call (505) 476-5600 or (800) 545-9871. For film production companies that commence principal photography on or after January 1, 2016, use Form RPD-41381, Application for Film and Television Tax Credit, to claim the tax credit.

If the amount of the requested tax credit exceeds $5,000,000, the application shall also include the results of an audit, conducted by a certified public accountant licensed to practice in New Mexico, verifying that the expenditures have been made in compliance with the requirements of the Film Production Tax Credit Act.

ABOUT THIS CREDIT: The film production tax credit provides a tax credit for an eligible film production company and its corresponding project. The amount of the credit is equal to 25% of eligible direct production and postproduction expenditures made in New Mexico. See Important Definitions for the definitions of direct production and postproduction expenditures.

To apply for the film production tax credit, a film production company must first register the project with the Film Office of EDD for verification of eligibility, as defined in statute. The film production company may apply for the credit by completing Form RPD-41229, Application for Film Production Tax Credit, and submitting the application to EDD. After EDD has confirmed all obligations have been met by the company, the completed application is submitted to the Taxation and Revenue Department (TRD) who approves the credit and issues a document granting it. The application must be submitted within one year of the date of the last direct production or postproduction expenditure in New Mexico.

An Additional 5% Allowed For Series Television Productions and Certain Standalone Pilots Intended For Series in NM, or For Use of a Qualified Production Facility

If the production company submits their application for film production tax credit on or after June 20, 2015, the additional 5% applied in calculating the amount of the film production tax credit applies to applicable direct production expenditures:

- on a standalone pilot or on series television productions intended for commercial distribution with an order for at least six episodes in a single season; provided that the New Mexico budget for each of those six episodes is $50,000 or more; or
- on a production with a total New Mexico budget of the following amounts; provided that the expenditures are directly attributable and paid to a New Mexico resident who is hired as industry crew, or who is hired as a producer, writer or director working directly with the physical production and has filed a New Mexico income tax return as a resident in the two previous tax years;

- not more than thirty million dollars that shoots at least ten principal photography days in New Mexico at a qualified production facility; provided that a film production company in principal photography on or after April 10, 2015 shall:
  - shoot at least seven of those days at a sound stage that is a qualified production facility and the remaining number of required days, if any, at a standing set that is a qualified production facility; and
  - for each of the ten days, include industry crew working on the premises of those facilities for a minimum of eight hours within a 24-hour period; or
- thirty million dollars or more that shoots at least fifteen principal photography days in New Mexico at a qualified production facility; provided that a film production company in principal photography on or after April 10, 2015 shall:

  - for each of the ten days, include industry crew working on the premises of the facility for a minimum of eight hours within a 24-hour period.

For taxpayers who receive a new markets tax credit from the federal government for expenditures that also qualify for the New Mexico film production tax credit, the percentage used for calculating the New Mexico credit is limited to 20%, including productions that may qualify for the additional 5% credit.

Qualifying direct production and direct postproduction expenditures must:

- be directly attributable to the production in New Mexico of a film or commercial audiovisual product;
- be subject to taxation by the state of New Mexico;
- exclude direct production and direct postproduction expenditures for which another taxpayer claims the film production tax credit, and
- not exceed the usual and customary cost of the goods or services acquired when purchased by unrelated parties*.

*The TRD Secretary may determine the value of the goods or services acquired when purchased by unrelated parties or the sale or purchase is not an arm's length transaction.

The film production tax credit shall not be claimed for expenditures for which the film production company has delivered a nontaxable transaction certificate pursuant to Section 7-9-86 NMSA 1978.

Required Supporting Documentation for Form RPD-41229. Submit the following documentation to support your claim:

- A copy of the approval for eligibility from the New Mexico Film Office.
- A copy of the final cost-accounting summary for the project with a breakout of the New Mexico costs for each line item.
- The name, address, social security number and amount paid to every resident of New Mexico for whom the company wishes to claim credit for qualifying payments.
- If the company has obtained Type 16 NTTCs from TRD, a listing is needed of every person to whom the company has delivered an NTTC. The list must contain the name, address and New Mexico CRS identification number, if applicable, and the dollar amount of purchases.
- If the amount of the tax credit requested exceeds five million dollars, the application must also include the results of an audit, conducted by a certified public accountant licensed to practice in New Mexico, verifying that the expenditures have been made in compliance with the requirements of the Film Production Tax Credit Act.

Wages, fringe benefits or fees for talent, management and labor are eligible for the film production tax credit only when paid to individuals who are New Mexico residents. Form RPD-41271, Declaration of Residency, must be completed by the New Mexico resident and retained in the records of the film production company.

To Claim the Approved Film Production Tax Credit. Once the film production company is determined to be eligible by the Film Office and has been approved by TRD, a completed Form RPD-41228, Film-Related Tax Credit Claim Form, including Schedule A, must be attached to a completed New Mexico return (Form PIT-1, CIT-1, S-Corp, or FID-1) filed after the close of the tax year for authorization for payment. For qualifying expenditures made after April 15, 2013, the credit may be claimed by filing the New Mexico PTE, Pass-Through Entity Income and Information Return.
All direct production expenditures and postproduction expenditures incurred during the tax year by a film production company shall be submitted as part of the same income tax return. A credit claim shall not be divided and submitted with multiple returns or in multiple years.

If all or a part of the approved film production tax credit is assigned to a third-party financial institution, or to an authorized third-party, Form RPD-41380, Notice of Assignment of Film Production Tax Credit, must be submitted with the film production company’s income tax return, including Form RPD-41228, Film-Related Tax Credit Claim Form. Form RPD-41380 authorizes TRD to pay the credit to the assigned third-party, and must be attached to the claim form or the credit will be paid to the film production company. See Assignment of Film Production Tax Credits, later in these instructions.

Subject to certain limitations, the amount of the tax credit authorized for payment may be applied to the tax due on the return, or if the amount of the film production tax credit exceeds the film production company’s income tax liability for the tax year, the excess may be refunded.

Limitations on Receiving the Credit Claimed on a Return.
The aggregate film-related tax credits (film production tax credit and film and television tax credit) that may be paid out in any fiscal year is limited to $50,000,000. A claimed film-related tax credit that is unable to be paid because total claims paid during the current fiscal year exceeded $50,000,000, shall be placed at the front of the queue for the next fiscal year.

The date a credit claim is received by TRD determines the order that a credit claim is authorized for payment.

When credit claims are authorized by TRD, the film production tax credits are paid as follows:

If the amount claimed by a film company is less than $2,000,000 in a tax year, the amount shall be applied or paid immediately upon processing of the income tax return.

For credit claims of $2,000,000 or more in a tax year, the credit shall be distributed over multiple years as follows:

- If the credit amount claimed is $2,000,000 or more, but less than $5,000,000 in a tax year, half of the amount of the film and television tax credit shall be applied or paid immediately upon processing of the income tax return and the remainder shall be paid 12 months following the date of the first payment, and
- If the credit amount claimed is $5,000,000 or more in a tax year, one third of the amount of the film production tax credit shall be applied or paid immediately upon processing of the income tax return, one third of the film production tax credit shall be paid 12 months following the date of the first payment, and one third of the film production tax credit shall be paid 24 months following the date of the first payment.

Any amount of a credit that is carried forward as described above, is also subject to the total aggregate film production tax credit limit of $50,000,000 paid in any fiscal year. However, the portion of the amount of credit that is carried forward is placed in front of the queue in the next fiscal year. If a partial payment is made because the tax credit limit has been met in a fiscal year, then the difference owed shall retain its original position in the queue.

For purposes of determining the payment of credit claims that are required to be paid out over multiple years, the TRD Secretary may require that credit claims of affiliated persons be combined into one claim, if necessary, to accurately reflect closely integrated activities of affiliated persons.

NOTE: No interest shall be paid on any amount refunded under the Film Production Tax Credit Act.

Completing the Income Tax Return:
Complete the income tax return, CIT-1, PIT-1, S-Corp, PTE, or FID-1 based on the federal return that you are required to file.

If you are required to file: File New Mexico form:
Federal Form 1040  PIT-1 return
Federal Form 1041  FID-1 return
Federal Form 1065  PTE return
Federal Form 1120  CIT-1 return
Federal Form 1120S  S-Corp return

You also need to complete the tax credit schedule, CIT-CR, PIT-CR, S-Corp-CR or FID-CR. Enter the film production tax credit approval number issued by TRD, the total amount approved and the amount of the credit that you want applied to the tax liability due on the Schedule CR for business related tax credits. TRD will compare the amounts entered and determine how and when the credit will be paid. No interest shall be paid on any amount refunded under the Film Production Tax Credit Act.

CAUTION: If the amount you request to be applied to the tax liability due on the return is not eligible to be paid immediately, you will be billed for the tax liability not paid, and you may be subject to interest on the unpaid tax due.

For direct production expenditures made on or after April 15, 2013, an eligible film production company that is required to file Federal Form 1065, may apply for a film production tax credit, and may claim the credit on the New Mexico PTE return.

For direct production expenditures made before April 15, 2013, the eligible film production company required to file Federal Form 1065, may not claim the credit on the New Mexico PTE return. In this case, the taxpayer filing the Form PTE must pass approved film production tax credit to its owners, members
or partners, using Form RPD-41366, Notice of Distribution of Film Production Tax Credit. This form must be completed and attached to Form RPD-41229, Application for Film Production Tax Credit, at the time of making application for the credit, but no later than the date the credit is approved by TRD. When completing Form RPD-41366 do not complete the fields marked “to be completed by TRD”. TRD will complete these fields once the film production tax credit is approved. The amount of tax credit distributed will be based on the percentage of claim provided by the film production company.

For all tax programs, you must attach Form RPD-41228, Film-Related Tax Credit Claim Form, including Schedule A, to your return. Failure to attach this form will result in denial of your claim for the credit.

Do not mail the return to the address on the income tax return. The completed income tax return and Form RPD-41228, and Form RPD-41380, if applicable, must be mailed to: New Mexico Taxation and Revenue Department, Attn: Film Production Tax Credit, P.O. Box 8485, 14th floor, Albuquerque, NM 87198. Mailing to this address ensures that your claim is recorded timely.

Assignment of Film Production Tax Credits

Once the film production company has received approval from TRD, a completed Form RPD-41380, Notice of Assignment of Film Production Tax Credit, allows TRD to honor an assignment of a film production tax credit to a third-party financial institution, or to an authorized third-party. Form RPD-41380 must be attached to the film production company's income tax return on which the credit is claimed.

NOTE: Under current statute, only the film production tax credit may be assigned to financial institutions or third parties. The film and television tax credit, which applies to productions commencing on or after January 1, 2016, cannot currently be assigned. The Department will update these forms should the film and television tax credit become assignable.
